MINUTES OF THE BOARD OF ADJUSTMENT

Chairperson Weinacht called the Cresco Board of Adjustment meeting to order on August 25, 2020, at 7:00 p.m. at City Hall. Board Members Weinacht, Ernst, Dohlman-Govern, Holten, and Balk were present. Board Member Balk was absent. Balk came in at 7:02 p.m.

Guests present were Jason Passmore, Mark Bohle, Alex Fortune, Amy Bouska, Dave Brenno, Tom Watson, Pat Rosendahl, Zahid Ali, and Marcie Klomp.

Dohlman-Govern made the motion to approve the agenda and the minutes from August 4, 2020. Balk seconded and it passed all ayes.

The minutes from the Planning and Zoning Commission meeting held on August 4, 2020, were read aloud that included a recommendation from the Planning and Zoning Commission to approve the special use permit application filed by Cresco Food Technologies LLC.

Discussion was held regarding the special use permit request by Cresco Food Technologies to construct a 100' exhaust stack on the southeast corner of their building. A fire in the spray dryer in Spring 2020 destroyed the stack. Tom Watson, site manager of CFT, stated that the request to build a taller stack in place of the old stack is an effort to eliminate the odor. The taller stack provides no benefit to the plant. Pat Rosendahl, Alex Fortune, Amy Bouska, and Dave Brenno all voiced their concern of the odor coming from the plant and questioned whether the odor would be eliminated if a taller stack was installed. Fortune and Bouska both commented on IDNR permits regarding the stack. Mr. Watson shared that the existing odor will not change with the installation of a new stack. The roll dryer that is still in operation is emitting the smell. If the 100' stack is approved and is found to improve the odor, then CFT will look to replace the stack on the roll dryer in the near future.

The Board of Adjustment members were given the opportunity to share their thoughts and ask questions. Chairman Weinacht asked if IDNR permits were applied for regarding the stack. Mr. Watson replied that they were applied for but did not know the status. And mentioned they cannot proceed without IDNR approval. Dohlman-Govern made a motion and seconded by Holten to approve the special use permit for a 100' stack on a spray dryer operation located on the SE corner of the CFT property. The property is situated in the C-2 zone and is located at 717 2nd Ave SE. Legal Description:

Lot 2 EX W 92.5', ALL LOT 3 & W 150' LOT 4 N of ABD RR & LOT A IRS N ½ NE

It passed all ayes.

WHEREAS, in accordance with the provisions of the Zoning Ordinance of the City of Cresco, Iowa, notice of hearing was given and proof of said notice of hearing, in accordance with said statute is now on file herein, and this Board having jurisdiction of the subject matter and jurisdiction of the property and parties concerned, finds that the permit should be granted as requested in said application:

Cresco Food Technologies LLC permit to install a 100 foot spray dryer exhaust stack on their site at 717 2nd Avenue SE, Cresco.

Holten moved to adjourn at 7:30 p.m. Ernst seconded, and it passed all ayes. A time and date was not set for the next Board of Adjustment meeting, the board meets on an as needed basis.

Respectfully Submitted,

Secretary of the Board
