Mayor Bohle called the special Cresco City Council worksession to order on June 15, 2020, at 5:15 pm. Council Members Brenno, Fortune, Bouska, and Carman were present. McCarville arrived at 5:20 pm. No council members were absent. Public Works Director Freidhof and City Clerk Girolamo were also present.

Lonny and Kelsey Lenehan requested Council to consider allowing them to move about 5 miles outside of the city limits. Lonny works for the street department and, according to the City Ordinance, public works employees must live within 2.5 miles. Council discussed the request and felt that it was reasonable. In the past, Council has allowed public works employees to live that far away with no issues. Council decided to think about the request, look at amending the ordinance to address response time and possibly revise the mileage requirement.

Theatre Manager Lickteig, Cresco Theatre Commission Members, and Cresco Community Theater Officers met to discuss the Scene Shop Building Inspection Report from May 19, 2020. Theatre Commission Members Ronda Hughes, Leigh Myers, Jon Hayek, Kari Waterbeck; prospective members Julie Wilson, Lesa Riedel; Community Theater Officers Aaron Hvitved, Tara Henry, Kary LeFebvre, Paul Jensen and Dave Gosch were present. No one was surprised that the Scene Shop was found to be structurally compromised and the recommendation was to remove the Scene Shop.

Bergo Environmental has taken samples of potential asbestos to be tested. We don't have the results back yet. If there is asbestos, he would help the City apply for a grant for the removal.

The City contacted three architects for proposals for services to construct a small, simple and energy-efficient Scene Shop building to attach to the back of the Theatre. We are still waiting to hear back from two of them.

Everyone agreed that the Scene Shop will need to be removed as soon as possible. The Community Theatre group agreed to remove all of their tools, supplies, props, and equipment by August 15th.

The City Council will continue to investigate options for removal of the Scene Shop and building a new one. They will communicate with the two groups to keep everyone informed of the progress.

The Council then went on a tour of the Scene Shop and Theatre to better understand what needs to be removed and what would remain.

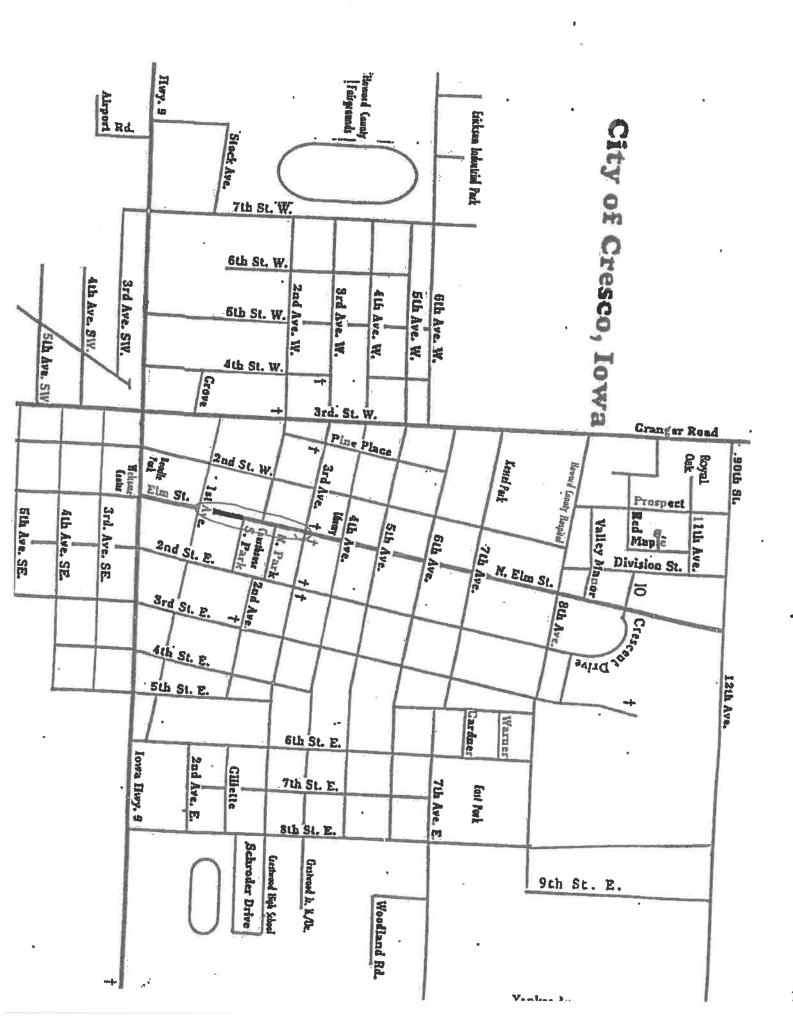

Fortune moved to adjourn at 6:35 pm. Bouska seconded and it passed all ayes. The next regular Cresco City Council meeting will be June 15, 2020 at 7:00 pm at Cresco City Hall.

City of Cresco Highlights of FYE June 30, 2020

- 1. Budget Loss of \$928,226 Actual Loss of \$132,724
- 2. Carryover Projects will be completed FY2021
 Well #3 Re-Casing not done \$157,000
 Sump Pump Drainage Project not completed \$20,000
 Housing Rehab not completed \$200,000
- 3. Fund Balances remain healthy with over \$7 million in reserves
 60% of these reserves are in CD's earning less than 1%
 Interest rates are expected to stay low so may be a good time to do projects and/or borrow
- 4. Revenues came in right on budget for the most part 97% overall Water & Sewer revenue from sales was 4% and 6% higher than budgeted COVID-19 impacted revenues minimally this year but will likely be worse next fiscal year The Fitness Center was hit the hardest for loss of revenue for dues, daily sales, & summer rec Theatre lost revenue in tickets, concessions, and several live performances Water & Sewer lost some penalty revenues and may have collection problems next year Road Use Tax was about \$20,000 lower than normal in June & is expected for several months to come
- 5. Expenses came in slightly under budget for most funds 89% overall

 Reminder need to budget more expense than spend (required by law) by "function"

 18 of 35 Funds were over 90% with 6 of those slightly above 100% (all "functions" were under budget)

 I feel all Departments are doing a good job of budgeting & getting projects done timely
- 6. General Fund all Department's operating expenses came in under budget
 Police, Fire, Airport, Theatre, Library, Parks, Fitness Center, City Hall
 Airport was over-budget because the profit transferred to the Trust was higher
 General Fund Sub-Category tree replacement and insurance were slightly over budget

Q: Describe the project. Provide details of the project and the budget, other fundraising efforts, and the who, what, where, why and how of the project.

A: The ability to show outdoor movies, host drive ins and rent the equipment to organizations and individuals offers us the opportunity to extend our viability beyond the walls of the Opera House and offer a Mobile Theatre option. We can utilize the equipment in the parking lot adjacent to the theatre to host drive-ins and serve concessions in conjunction with local business and the radio station. There is the potential to host a larger event at the fairgrounds. Renting this equipment out to organizations is a viable option to make sure it being used as much as possible. Ensuring it is being carefully used we would make sure staff is the delivering and setting it up. The speaker system is user friendly and the wireless microphone allows it be used for presentations and announcements adding an additional layer of functionality. The wireless transmitter would allow the transmission of a movie through the radio frequency for a drive-in movie experience. A 24-foot movie screen that allows for front or rear projection allows for optimal movie watching and ensures that even those in the back can see. Staff would set up and run the equipment when it rented to ensure it is used properly and carefully. I believe that this project would allow us to add a dimension to how we serve our community and give us greater opportunities to reach more of people. Q: How does this project promote Cresco tourism and how does it increase lodging use within the community?

A: By continuing to stretch how we serve our community and how we reach them we can draw different crowds. Showing movies outside or hosting drive-ins would draw crowds from different communities potentially filling campgrounds and hotels due to the late hour they are shown. This equipment is also something that various organizations such as the chamber or fair board can rent and use. Individuals would also be able to rent this equipment for family reunions, birthday parties, weddings, etc.

RE: Water leak at 131 3rd Ave SW, Cresco, IA for Allen Vrieze

To Whom It May Concern:

On Monday morning, June 8, 2020, I noticed I had low water pressure in the house, but did not notice anything right away. I then went outside the house and discovered that some outside water piping had broken and water was spraying all over the place.

Please consider my request to adjust my utility bill for the month for this incident. No water went into my sewer drain.

Thank you for your consideration.

Allen Vrieze
